Windygates Burn Catchment Survey – (Natural Flood Mitigation Measures)

Advice on companies from the Scottish Flood Forum have been followed up and quotes obtained. Depending on the depth of study the cost ranges from £800 - £6000)

Potential Funding sources are :

1. Fife Local Community Planning Budget – up to £10,000. The Fund Manager was positive about an application from this area of Fife as it seldom puts in a request. Match funding of some kind is recommended.
2. Fife Community Climate Grants – Seed and Development Fund - £1000
