Matters Arising from previous minutes

No matters arising and minutes were approved.

Correspondence: No correspondence.

Updates from other groups:

LRG reports that there are still ongoing problems with speeding on the Wynd and through Luthrie village. Also it was reported that there is progress regarding the replacement swing in the park.

Flood resilience group wants to do a catchment survey and are looking for funding. Penny was asked about what the point of this survey is and Mike asked for full written proposal to be submitted to the CC prior to the next meeting when it will be discussed. Mike's pond has been cleaned out by Fife Council. Gully cleaning has happened in Brunton.

History group are about to publish their latest book.

School hub had about 130 people at its open day. They are looking to create a charity. They had painted and cleaned up the school. Concerns were raised about parking outside the school and also the need for having the hub was questioned when we already have a good village hall.

Roads: Mike circulated email about Fife Council's road strategy. A report is due on 7/11/2024 by Fife Council regarding 20mph speed limits which will hopefully include more details about Luthrie and Brunton. A Brunton resident was to attend this meeting to raise their concerns about road safety but was unable to do so owing to illness. It was decided not to set up a sub group for road concerns/problems but instead to pass the issues onto Donald to deal with.

Police: The community officers are due to attend a coffee morning in Luthrie Hall in October.
